

American Forepart Conditioning Machine

Model AUC/3

Easy adjustments for control of heat and steam provide excellent conditioning

U.S. Certified boiler generates steam

Conditioning the forepart of the upper is of the utmost importance for top quality lasting to be achieved. Fitted with a U.S. Certified steam generating boiler, the American Forepart Conditioning Machine provides the excellent conditioning required for this. The boiler offers a steady, high-volume of steam to the top and/or bottom molds, when needed, and can easily be adjusted for less steam or no steam when conditions require it. Temperatures of heated molds are also easily adjusted.

Specifications

Dimensions	23"d x 41"w x 68.5"h (58 cm x 104 cm x 174 cm)
Weight (net)	475 lbs. (216 Kg)
Packed	600 lbs. (273 Kg) 46"d x 48"w x 80"h (117 cm x 122 cm x 203 cm)

Power	
Standard Electrical	208V, 3 phase, 60 cycle, 30 amps
Air	80 psi
